<b>25 Year Total</b>	<b>\$6,500</b>	<b>\$9,800</b>

**Resurfacing** - With our rubber paving, we can easily resurface asphalt or concrete because our product is flexible, which saves money!

**Non Cracking** - Our rubber paving is flexible and accommodates future ground movements, which greatly minimizes the risk of cracking.

**Non-Slip Surface** - Our paving is a non-slip surface even when wet and absorbs impact to provide maximum safety for your property.

**Appearance** - Our paving greatly improves the appearance of your home and continues to look amazing years after installation because the product is crack-resistant!

**Colors** - Custom options are also available to match any existing decor or preferences.

**Maintenance** - Rubber Surfacing looks great all year round! As a result, it doesn't need to be power washed annually.

**Warranty** - Replay Surfacing comes with a five-year warranty against cracking, which is typically five times greater than asphalt or concrete warranties.
